

Jesuit Refugee Service

## Mission Month – Head, Heart and Hand

October is Mission Month. For our school, in so many of our school subjects and as part of our Mission, as Christians, we pay attention to Justice Issues in the world.

It is important to connect the

head (what we understand)

heart (what we feel)

and hand (what we can do)

So that our work is useful, and meaningful.

Dear Lord,

As students of the world, we are learning to read the world and engage critically.

We know we are called to help those ON THOSE ON THE MARGINS, just as Jesus did.....

Personally: through our actions

Locally: in our community

Nationally: supporting campaigns

Internationally: responding to poverty

Globally: caring for our common Home

We ask your guidance to respond to this call, through Christ our Lord, Amen
