

Past Pupils

Past pupils leave a mark on their school,
They leave a mark on the people they meet
They leave a mark on the staff and affirm them in their work.
It is because of past pupils that staff continue great traditions,
It is knowing that they are doing the right thing.

Past pupils have changed our school -
Led us in different directions,
Showed us the importance of our growth and change
Their ambition refreshes us, their success enlivens us
Their difficulties call us together, to say 'We know!'

As pupils become past pupils, they should leave their school with delight
Embrace the New!
Celebrate the Natural change.
Take on the joys and challenges of the next stage
And encounter society as men and women for others.
